STUDY IN LYON - FRANCE

MASTER IN MANAGEMENT

PRESENTATION

The program aims to give students the ability to evaluate the complexity of the international business arena by providing them with analytical tools for decision-making processes. Students will also develop their communication, leadership and teamwork skills. Interactive learning methods are used in the program such as business simulation, conferences on international business issues, and storytelling.

PROGRAM OBJECTIVES

- To master and apply the knowledge and skills required to function effectively in a specialized field of business.
- To adopt ethical, social and responsible behavior by engaging in activities that impact society.
- To manage operations in companies or organizations within an international context.
- To contribute to the collective performance of the group by being an effective team member.
- To work efficiently with people from different cultures and operate successfully in various environments.
- To develop professional hindsight to solve problems and make subsequent decisions.
- To acquire communication skills in order to engage with a wide range of audiences in at least two different languages.
- To contribute to the digital transformation of organizations by developing a digital mindset and digital expertise.

HIGHLIGHTS

- Ideal for students who want to study business in France and wish to follow a program taught in English.
- A balanced mix of academic and professional learning
- Acquire a solid and lasting foundation for an evolving career
- 2 years to become an expert in one of our 3 specializations
- Develop your managerial skills and reveal your leadership potential
- Benefit from an individualized path: MasterClasses, professionalization, internationalization
- Opportunity to obtain a double Master's Degree during the final year at one of our partner universities

Degree: Master in Management

Duration: 2 years

Professional experience during the program: Consultancy project and 6-month internship

Good to know: It is possible to obtain a double Master's Degree during the final year at one of our partner universities

SPECIALIZATION COURSES

The Master in Management is a 2-year program which mixes theoretical knowledge and practical experiences provided by academics and professionals.

The program aims to give students the capability of evaluating the complexity of the international business arena by providing them with analytical tools for decision-making processes. Students will also develop their communication, leadership and teamwork skills. Interactive learning methods are used in the program such as a business simulation, conferences on international business issues or storytelling.

3 specializations fully taught in English are available:

- [Marketing & Digital Business](#)
- [International Business Administration](#)
- [International Supply Chain Management](#)

MASTERCLASS

Each semester, students must choose 2 masterclasses. Masterclasses are taught by School research professors on subjects close to their research themes. These expert classes help students to acquire very specific knowledge, which is useful in their field of specialization. These are also a chance to blend research and pedagogy and to submerge students in research works. Masterclasses are also a good experience of research which will prove helpful when writing the Master's thesis.

[Catalog here](#)

CAREER DEVELOPMENT

Workshops and coaching are organized to optimize students' understanding of business standards, personal branding and digital tools for employment.

PROFESSIONAL EXPERIENCE

Each student partakes in a consultancy project and a 6-month internship to improve their level of work experience.

[Consultancy project:](#) A company commissions a group of students on a real business project

Internship: A 6-month work experience placement, in France or abroad. ESDS provides support for placements and knowledge of the employment market.

MASTER'S THESIS

The Master's thesis is the final task of the program. This must demonstrate a capacity for reflection, method and professionalism, and confirm, in writing, all the skills students have acquired.

ADMISSIONS

Applications for the 2022 school year close on September 5

REQUIREMENTS

The candidate must currently be finishing or have already completed their third year of a bachelor degree (equivalent to 180 ECTS credits).

After receiving the application, including supporting documents, the admissions board will review the complete file. Candidates will then be invited for a personal interview by Skype.

After the interview, the final admission results will be communicated by email.

Applications are evaluated as follows:

Admission for Master's degree Weighting

Application form	10
English test	4
Interview	6
TOTAL	20

Native English speakers or candidates who have been studying in English for at least two years will be exempt from the English test requirement. In this case, applications are evaluated as follows:

Admission for Master's degree Weighting

Application form	10
